COMP 3413 Operating Systems Lab 1 Hand–in

Israelson                    James
Family Name                  Given Name

3632260

Student Number

Mark: _____
20

1. Machine name: gc112m33.cs.unb.ca

2a. Shell process ID: PID: 12905    CMD: tcsh

2b. State of shell process: S (sleeping). I assume that it is sleeping because there is currently no process actually being run. If you ran a command, the status would change.

2c. Name and state of running process: Name: less    State: R (running)

3a. Download/compile/run os_info.c. OS field is? Linux

3b. Modified os_info.c. (hand in). Hostname: gc112m33.cs.unb.ca

4. myshell.c. (hand in)
